

BreatheEasy
Advanced Filter Technology

PRODUCT USES

In addition to P2 filtering, disposable activated carbon masks are suitable for lower levels of:

- Vapours from cleaning chemicals, paint
- Solvent vapours
- Welding fumes
- Spraying insecticides or pesticides
- Protection against chemical sensitivities
- Odours from sewerage, waste management
- Petroleum, fuel fumes
- Chemical lab work

BREATHE EASY P2 VALVED MASK WITH CARBON FILTER

DRP2VC-B

Esko P2 respirator with valve and carbon filter, blister pack of 2

FEATURES

- P2 rating for protection against mechanically and thermally generated particles
- AIR8™ exhalation valve for easier airflow
- Activated carbon protects against lower-level organic vapours in addition to P2 rating
- Colour coded packaging for ease of identification
- Dual straps give firm and comfortable fit
- 2 masks per pack
- Blister packs nest together to maximise merchandising space
