ESKO AIR8 8035 A2/ P2 FILTER COMBO

8035

The Esko 8035 Filter Combo is designed for use with AIR8 twin filter respirators: 8900 Full Face Mask and 8600 Half Face Mask.

FEATURES

Combination protection: particulate filter provides P2 level protection against dusts, mists and fumes; A2 cartridge adsorbs organic vapours, such as hydrocarbon or alcohol vapours from paint, solvents, fuel, adhesives

Contents: 2 x 8030 A2 gas cartridges, 2 x 8010 P2 prefilters, 2 x 810 filter retainers

Cartridge: Advanced A2 protection against organic gases and vapours (boiling point above 65 degrees). **High efficiency, long service life.**

Prefilter: Provides P2 protection against solid and liquid particles. **Extends the performance of filter cartridges.**
