

ESKO AIR8 HALF FACE P2/P3R CLIPBOX KIT

A8ADRKCB

Esko AIR8 half-face P2/P3R covered filter fine dust/silica respirator kit in resealable clipbox

FEATURES

- Contents: 1x **8600** Half-Face Respirator, 4x **8020** P3R Fine Particle Filters, 2x **805-1** Hygiene Wipes
- Available in three sizes: small, medium, large
- High efficiency fresh-flow exhalation design reduces breathing resistance, heat and moisture
- Ergonomic design reduces fogging when worn with eye protection
- Lightweight—all day comfort
- Adjustable head cradle with long-lasting spandex straps
- Made from non-allergenic silicone for secure, comfortable fit
- Complies with AS/NZS 1716:2012 standard
- Note: P3-level filters are rated to give P2 protection with half face mask
- Plastic filter case enables easy wipe-down, prevents filter hole-through from sparks. Contains activated carbon to absorb ozone and nuisance level acid gas and organic vapours.

CERTIFICATIONS

- AS/NZS Standard 1716:2012
- European Standard EN 140:1998, PPE Regulation(EU) 2016/425.

AS/NZS 1716:2012
Lic. SMK41358
